1 director in Ethicon, you did not expect physicians
2 to rely upon the IFU for the Prolift® as an accurate
3 disclosure of the risks associated with the Prolift®
4 system?

5 MR. GAGE: Objection.

6 THE WITNESS: No. I think what I
7 said is I didn't -- they shouldn't depend on it as
8 the sole source of their information regarding the
9 Prolift® system.

10 BY MR. SLATER:

11 Q. My question is this: Did you expect
12 surgeons who were considering using the Prolift® to
13 rely upon the Prolift® IFU to accurately disclose
14 the risks associated with the use of the Prolift®
15 system?

16 MR. GAGE: Objection.

17 THE WITNESS: We should accurately
18 represent what we knew to be risks at the time, yes.

19 BY MR. SLATER:

20 Q. You knew that was required by federal
21 law. Right?

22 MR. GAGE: Objection.

23 BY MR. SLATER:

24 Q. By the FDA. Right?
